# 2013 ANNUAL REPORT TO THE COMMUNITY

IN MEMORY OF  
MICHAEL A. ZEMANEK  
December 06, 1990 to August 01, 2013

# CHIEF'S MESSAGE

Another year has come to an end and as I write this report, I feel a deep appreciation to all who were responsible for this place; our police station is now 5 years old. Reflecting upon the past year, the departure of Chief Chris Outten and the untimely death of Officer Michael Zemanek had a significant impact upon the officers and staff of this department and community.

When I was asked to serve as Interim Chief after the departure of Chris Outten in late February 2013, I was reluctant because the role was never my intention upon joining this department in late 2008. In the past thirty years, I spent half that time in a management role as a working Chief.

It is the intent of most proactive, municipal, police departments to provide 24/7 coverage to the community they serve and we are no exception. A lean budget and manpower gaps within the department does provide a challenge, however we continue to move forward to make that concept the norm, rather than the exception.

Community policing in Northfield is delivered with an authorized strength of 7 full-time police officers who are certified, caring and dedicated, who believe in integrity, fairness and service to the community. Our community policing services are delivered by Sgt. Brian Hoar, Cpl. Chris Quesnel; Officers Ryan Koch, Chris Hoar, Dan Withrow and Detective Charles Satterfield. In addition, the department has a support staff to include, Administrative Assistant/Dispatch Eva Ciampaglia and Karen Bennett; Officers Michael Armantrout, Nate Messier, Joseph Carriveau and Animal Control/Officer Justin Pickel.

Your police department has been busy this past year with our Bike Patrol team being very visible from late “Spring” until “Halloween”. We participated in the annual Northfield Safety Day, National Prescription Drug Drop Day and the National Walk to School Day. The department plans to establish a town wide “Neighborhood Collaborative” in 2014, much like the Northfield Falls Neighborhood Watch who continue to be astonished by the positive results they have witnessed as they work in concert with the police department.

## CHIEF'S MESSAGE

The department continued to move forward with the creation of a part-time “Detective” position filled by Chuck Satterfield. The funding for this position was made possible due to an unfilled 6<sup>th</sup> position within the Full-time, patrol officer budget. The Detective position has undoubtedly made a huge difference in the department’s ability to investigate and solve many crimes that historically created massive case loads for the patrol officer.

The department continues to nurture a relationship with Norwich University and appreciates the invaluable technical assistance provided by Dr. Peter Stephenson within the scope of the police department’s Cyber/Digital Forensic investigations.

We have started a “Police Internship” program with interested students from Norwich University who volunteer their time to the police department and provide non-law enforcement functions that in fact, free up patrol officers.

In addition, Norwich University as part of the 2014 Crime Analysis Projects will conduct a comprehensive analysis of crime trends in Northfield, past and current and how the department’s size and budget might have an impact on crime levels.

Highway traffic safety has been an important aspect in our community and the department continues this responsibility with grants provided by the Governors’ Highway Safety Program. Northfield Police is now a designated Child Passenger Safety Seat Center with the program being supervised by Corporal Christopher Quesnel who recently became a certified technician.

Like many other communities, Northfield continues to feel a financial crunch concerning taxes and town services. For Northfield, the merger between the Village and the Town has created some bumps in the road for us all. The police operating budget for 2014/2015 has been “Level Funded” and was then reduced about another 10 percent. We all want to do our part and understand the need to be financially responsible as employees during these difficult times. However, it is so important to also understand that the true cost of police services is not reflected in the 2014/15 budget.

Complaints and calls for police services for the past year totaled 2188, almost equal to the previous year.

Substance abuse and addiction continues to be the driving factor in the majority of crimes committed in Northfield and follows a nationwide trend.

In conclusion, I would like to thank the very dedicated officers and staff of the Northfield Police Department who go above and beyond the call of duty every single day of the year to insure and deliver an above average quality of life for the Town of Northfield. However, we could not provide that service, without the help and support of the Northfield Fire Department, Northfield Ambulance and the Northfield Highway Department.

Respectfully submitted,  
James C. Dziobek, Jr.  
CHIEF OF POLICE

## THE NUMBERS BEHIND THE BADGE

All law enforcement agencies across the United States are required to report crime statistics in what is known as a Uniform Crime Report (UCR) to the Federal Bureau of Investigation each year.

To meet this federal requirement, many police departments across the State of Vermont are directly connected to the Vermont Information Based Reporting System (VIBRS) and then sent to the FBI on our behalf and in addition to the other departments in Vermont.

In addition to the VIBRS information the department has broken our information down further to look at work done within the Village of Northfield, the Town of Northfield and Norwich.
